

2019-2020 Directory Information Update

Dear Neighbor:

Please help us keep our community directory up to date. The New Mark Commons Communications Committee compiles and prints a resident directory every summer. We depend on communication from residents to keep the directory content accurate.

All New Mark residents (owners and renters):

IF YOUR DIRECTORY LISTING NEEDS TO BE UPDATED, please return this form to the New Mark Communications Committee: newmarknews@newmarkcommons.net, or Pat Reber, NMC Communications Committee chair, 705 New Mark Esplanade (it's fine to drop it in the mail slot). ***If your directory information is accurate and you are receiving emails from New Mark, there's no need to submit this form.***

- Receive email updates about community news, meetings, safety issues and more
- Keep our online directory accurate! Our directory is accessible from the Resident Area of www.newmarkcommons.org.
- Questions? Need a copy of the directory or online access to the electronic version? Please contact the NMC Communications Committee: newmarknews@newmarkcommons.net
- Your information is welcome at all times! Send us updates when you have them.
