

Virtual Access to Board Meetings Has Been Expanded for Residents

VISUAL ACCESS

The New Mark Commons Board has expanded residents' access to Board meetings by allowing residents to also use the video link program that the Board has used since May 2020.

The link <https://abarisrealtyinc.my.webex.com/meet/sambush> will go live when the meetings open. The monthly meetings start at 7 p.m. on the first Thursday of the month. You only need to click on this link to get access.

Previously, only non- Board members could log into the visual display, and residents could only call into the meetings and listen to the audio.

The call-in system is still available for those who prefer audio only.

AUDIO ACCESS

Dial-in Instructions:

Dial-in Number: 1-408-418-9388

Access Code: 791 064 079

GUIDELINES

Whether you log in for the visual access or call in, the same guidelines will prevail. An Abaris representative will be manager of access, and participants should announce themselves when they sign in and identify themselves when they speak during Community Forum. Participants should mute their lines or their image unless they are speaking. The manager of the meeting can expel any participant who does not follow the rules of respect for other participants. Non-Board members may only speak during Community Forum at the beginning of the meeting; or at a second Community Forum at the end of the meeting if there is time for that.
