

# How to Obtain Guest Passes for NMC Pool

There are now two ways to purchase guest passes: a digital version through Member Splash; or the traditional paper version to be purchased directly from the offices of Abaris Realty. The pool is now cashless.

## MEMBER SPLASH

Log in to your **Member Splash** account.

- Click on **Make a Payment**.
- Enter the quantity of credits you wish to purchase. Weekday guest passes are \$2 and weekend/holiday guest passes are \$4. Each credit is worth \$1. There is a \$50.00 limit to how many guest credits you may purchase at a time.
- Click on the **small circle for credit**.
- Click on **next**. Your total purchase will be displayed including the online credit fee.
- Fill in credit card information and click on **submit order**.

When you go to the pool, you will have credits on your account. \$1 = 1 credit. The lifeguard will subtract the appropriate number of credits for that day (2 for weekday and 4 for weekends and holidays.)

The lifeguard will then enter into your Member Splash account the first and last name of each guest. This is needed for potential COVID tracing. If you do not have enough credits on your account, your guest(s) will be denied entry.

## TRADITIONAL PAPER PASSES

**Please note: you will NOT be able to purchase paper passes at the pool.**

- You can either **use your old blue or yellow guest cards, or you can buy new ones directly from the offices of Abaris Realty**.
- Abaris will only accept checks—no cash or credit card—at their offices at 7811 Montrose Road, #110, Potomac; 301-468-8919. The office is open from 9 a.m. to 5 p.m. Monday through Friday.
- One guest card costs \$20. Each of the 10 punches on the paper card is worth \$2. The same charges of \$2 for a weekday guest and \$4 for weekends and holidays will prevail.

When you check in with the lifeguards, you will need to give the first and last name of each of your guests. This is necessary for potential COVID tracing. Please be patient while they record the names.
